Championship Golfing in the Algarve

Pinheiros Altos boasts a 27-hole championship golf course, a spectacular clubhouse, bar and restaurant and a luxurious members lounge. It also houses a prestigious golfing academy and an extensive pro shop, offering world-leading brands and equipment.

The course features three 9-hole groupings, each a par 36, with numerous ways of playing 18 sublime holes, depending on your level of experience. The three courses, The Pines (Pinheiros), The Corks (Sobreiros) and The Olives (Oliveiras), were designed by the highly regarded golf architects, Ronald Fream and Jorge Santana da Silva, and have a well-earned reputation for containing some of the Algarve's most memorable holes.

All courses start and finish in close proximity to Pinheiros's famous clubhouse, and all offer four starting tees covering medal and championship positions for both men and

women. The firm, fast and testing greens are sown with Pentcross Bent, whilst the fairways offer up resilient Bermuda grass – providing golfers with the perfect surfaces for the game of their lives.
